Completed in High School _____ Exam _____ Faculty Verification _____ (Transcript must be on file in A&R Office) (Score report sent to A&R Office) (Verification form must be on file in A&R Office)				
CSU Graduation Requirement in U.S. History, Constitution, and American Ideals				
CSU transfer students complete two courses, one course in U.S. History (US-1) and one course that fulfills both U.S. Constitution and California State & Local Government (US-2 + US-3). This CSU graduation requirement is not part of IGETC; however, it may be completed prior to transfer. All CSUs allow these courses to double-count in Area 4 if certified by SRJC. AP exams in U.S. History and U.S. Government & Politics may fulfill US-1 and US-2; US-3 (California State & Local Government) cannot be met with AP credit.				
US-1: HIST 17.1, 17.2, 18.1, 18.2, 21 US-2 + US-3: POLS 1				
* Transfer credit may be limited by the UC. Please consult with a counselor. See https://articulation.santarosa.edu/ and click on “UC Limitations of Transfer Credit”. Effective terms are noted after some courses. For example, ENGL 5[F93] denotes that this course must have been completed in the Fall 1993 semester or later to meet the IGETC requirement. F = Fall, S = Spring				

2017-2018 IGETC NOTES

- **Completion of all requirements in the Intersegmental General Education Transfer Curriculum (IGETC)** will permit a student to transfer from a community college to a campus in either the California State University or University of California system without the need, after transfer, to take additional lower-division General Education courses to satisfy campus General Education requirements.
- **Completion of the IGETC (full certification) is one option (Option C) in meeting the General Education requirements toward earning an Associate in Arts or an Associate in Science degree at SRJC.** Please refer to the Associate Degree Option A worksheet, page two, or the current SRJC Catalog for information on additional graduation requirements.
- **Completion of the IGETC is not a requirement for transfer to the CSU or UC** (see CSU or UC Minimum Transfer Eligibility Requirements under "Transfer Center" in the current SRJC *Catalog* - <https://admissions.santarosa.edu/college-catalog>), nor is it the only way to fulfill the lower-division General Education requirements of the CSU or UC prior to transfer. Depending on a student's major and field of interest, the student may find it advantageous to take courses fulfilling the CSU's GE-Breadth requirements or those of the specific UC campus or college to which the student plans to transfer. It should also be noted that there might be other CSU or UC graduation requirements in addition to IGETC.
- **On UC campuses, some colleges or schools do not accept the IGETC as complete fulfillment of lower division breadth.** In addition, the IGETC is not recommended for some majors. Please talk to your counselor about your major and target UC campuses. For the most recent articulation information, see www.assist.org.
- **Courses from other California community colleges** can be used for the IGETC, if they have been approved for IGETC at that college. SRJC must apply the course to the same area as the other community college at which it was completed.
- **Advanced Placement (AP) test scores of 3 or better** can be used to clear one course requirement per exam with the exception of Language Other Than English. AP credit will not fulfill Area 1-B critical thinking/composition (or 1-C oral communication, required by CSU only). UC transfers who will not complete the IGETC are strongly encouraged to consult with a counselor about campus specific provisions for AP credit. For more information on using Advanced Placement (AP) credit to fulfill general education requirements, see "SRJC Credit for Advanced Placement Exams" at <https://articulation.santarosa.edu/>
- **International Baccalaureate (IB) scores of 5, 6, or 7 on some Higher Level exams** may fulfill IGETC requirements except in Areas 1 and 5C lab.
- **The Laboratory science requirement** must correspond to one of the lecture physical or biological science courses taken to fulfill the IGETC requirement. A student cannot use lecture courses in two subjects and a laboratory in a third subject.
- **The course requirements for all areas must be completed in order to be fully certified. All courses must be completed with grades of "C" or better or "P".** (At SRJC, P = C grade or better.)
- **Partial certification**, completing all but two (2) courses on the IGETC pattern, may be an option for some but not all students. Certain university programs may require full certification. Also, please note that minimum eligibility requirements must still be met. If you are considering partial completion, please discuss it with a counselor. There are several ways to complete the missing courses after transfer.
- **IGETC for STEM (Science, Technology, Engineering, Math)** applies only to specified Associate Degrees for Transfer (AS-T) in Chemistry and Biology, primarily designed for transfer to the CSU. Students may choose to complete IGETC for STEM if the AS-T program explicitly designates the option. To keep the degree within 60 units, the IGETC for STEM pattern requires one less class in Area 3 and one less class in Area 4, which will be completed after transfer. Please see a counselor for details. NOTE SRJC does not currently have ADT's approved in Chemistry or Biology.
- **Students must file a request for certification of the IGETC with the Office of Admissions, Records, & Enrollment Development.**

UC Campus Notes:

The University of California will accept SRJC courses numbered 1 - 49. However, students should not count credit earned for special topics (48) or independent study (49) toward the 60 units required for admission. The UC campus will evaluate these courses after admission. For the most recent list of UC transferable SRJC courses, see www.assist.org.

UC Berkeley	IGETC is acceptable for all majors in the College of Letters and Science. IGETC is accepted in the College of Natural Resources; however, specific lower-division major requirements must still be satisfied. The College of Environmental Design accepts IGETC with full certification to fulfill CED's breadth requirements. The Haas School of Business does not accept IGETC. IGETC is not appropriate for the colleges of Engineering and Chemistry. Check with the college or visit www.assist.org for more information.
UC Davis	All undergraduate colleges accept IGETC. However, Bachelor of Science degrees and high-unit majors often have many courses of lower-division preparation. In these cases, IGETC is not recommended, and the UCD GE pattern is the better choice.
UC Irvine	All schools accept IGETC. However, selection by the campus is based on demonstrated academic achievement and preparation for the intended major. IGETC may not be ideal for students transferring in engineering, mathematics, or science majors.
UCLA	The School of Engineering & Applied Science does not accept IGETC. The College of Letters & Science and the School of Arts & Architecture strongly encourages California community college students to complete IGETC. IGETC certification is required for admission to the Generic/Pre-licensure Nursing program. The School of Theater, Film & Television requires completion of either the School's GE requirements or IGETC for admission.
UC Merced	The School of Engineering and the School of Natural Sciences do not recommend IGETC. The School of Social Sciences, Humanities, and Arts strongly recommends completion of IGETC to meet general education requirements.
UC Riverside	The College of Engineering accepts IGETC, but additional breadth coursework may be required after enrollment. The College of Natural & Agricultural Sciences does not accept IGETC. The College of Humanities, Arts, & Social Sciences accepts IGETC. Business Administration majors must complete IGETC (recommended) or the UCR breadth pattern for the College of Humanities, Arts, & Social Sciences.
UC San Diego	IGETC is accepted by John Muir, Earl Warren, Sixth and Thurgood Marshall colleges. Although IGETC is accepted at Eleanor Roosevelt and Revelle Colleges; some additional coursework may be required after enrollment
UC Santa Barbara	IGETC is accepted by the College of Letters & Science and the College of Creative Studies. For the College of Engineering, IGETC may be used to substitute for most GE requirements, and students may wish to choose IGETC courses that concurrently satisfy a "depth requirement" prior to transfer with a year-long sequence in the history of world civilization, Western civilization, United States, Western philosophy, or Western art, or with upper division coursework after transfer.
UC Santa Cruz	IGETC is not appropriate preparation for the School of Engineering or any major in the physical and biological sciences.
